

Affiliate Membership – something for everyone!

Affiliate Membership is for artists & craftspeople [established or just starting out] unable to open their studios, workshops, or workplaces, to the public, to ensure that they are not totally invisible to the public audience during the Open Studios event - and the rest of the year! - and to keep them informed of other activities and opportunities throughout the year. Their entry in the booklet and website outlines subject matter and work disciplines, and gives basic contact details – ‘phone no., e-mail, personal website.

It is also an ideal forum for individual art & craft lovers, and collectors, as well as arts organisations, galleries, schools, colleges, universities, museums, etc. to receive information on events which take place at different times of the year not just Forest and Valley Open Studios in July. Such events include individual & group exhibitions - including invitations to private views - demonstrations, workshops, festivals, and other related activities in the surrounding area and counties. In addition, advertisers who promote their services &/or products through the Forest & Valley Open Studios [booklet & website are included in the package] and are also affiliates qualify for a preferential discount on their advertising costs and receive priority space allocation over non-affiliates.
